

Ways to be kind

Kindness can be spread and help others more than you can imagine. Kindness improves our quality of life when speaking to friends and family. It brings people together and closer. Doing good for others feels good. Showing kindness to others is equal to receiving it.

- Stop and think before you talk or act ('Is it true?', 'Is it necessary?', 'Is it kind?')
- Remember to laugh throughout the day. Spreading joy is its own act of kindness.
